

(a,b) derivations of prime and emiprime semirings	359
2 –d resistivity imageing survey to study ground water	760
3d petrophysical and geological modeling of mishrif and	734
3d seismic reservoir modeling of yamama formation in abo	719
A clinical and genetic study on blood pressure and its	594
A cognitive linguistic study of mental maps role on the	216
A cognitive study of animal metaphors in English and nabl	194
A comparative study of hydrolases enzyme in different	943
A comparative anatomical and histological study for	2131
A comparative evaluation of different sprue	1397
A comparative study of some heavy metals and bacterial	938
A comparison of cone beam computed tomography	1267
A comparison of fracture resistance of	1294
A comparison study of shat al-arab water	2158
A corpius stylistic analysis of feminist language in selected	195
A corpus critical stylistic analysis of selected political	2240
A critical discourse analysis of American press in relation	213
A critical discourse analysis of feminist and anti feminist	199
a critical discourse analysis of selected American and	208
A critical discourse analysis of sexism	221
A critical discourse analysis of sexism and feminism in	220
A critical discourse analysis of terrorism news in	2220
A critical discourse analysis of the representation	209
A critical stylistic analysis of order and chaos in	234
A daptive control design to the blood	1728
A deconvolution role study to enhancement of 2d seismic	761
A developmental pragmatic study of upgraders and downg	256
A discourse analysis	233
A distributed data reduction protocol for energy	118
A genetic algorithm for multiple textual documents	83
A global approach for finding optimal sequence	107
A hybrid neural fuzzy	1739
A keystroke authentication schema for online examination	119
A maximum power point tracking mppt	1780
A meta heuristic approach for radio network planning	143
A modified dijkstra algorithm for	1840
A neural network modeling of oil viscositg for	1883

A new framework of data sharing security for cloud	120
A new methodology to predict rate of	2213
A new mixture distribution theory and application	313
A new strategy for strength	1304
A numerical study of wind	1697
A parallel heterogeneous loading balance algorithm for	71
A pragma stylistic analysis of discourse strategies in	217
A pragma stylistic analysis of the digital discourse in	212
A pragmatic analysis of impoliteness in selected british	2236
A pragmatic study of impartiality and neutrality in	237
A pragmatics study of politeness in charlotte bronte's jane	2233
A procurement model for the pipes systems	1925
A proposal to enhance zigbee protocol security	95
A proposed depth image extraction approach	130
A proposed enhancement of cryptosystem security evaluation	161
A proposed intelligent surveillance system for smart	89
A semi- analytical solution for multil	1870
A session key exchange protocol based on different	77
A socio pragmatic analysis of impoliteness in Iraqi Arabic	235
A socio pragmatic study of persuasive techniques in the	218
A spectroscopic study of laser	520
A study of differential subordination and coefficients	350
A study of generalization of classes involving holomorphic and meromorphic	277
a study of immunological markers and interferon gamma	897
A study of lexical cohesion in women's articles written	193
A study of mathematical models in reliability	317
A study of recent classes of holomorphic and meromorphic functions	288
A study of social markers in the writings of English dep	204
A study of some results on differential subordination	343
A study of special nonlinear differential	281
A study of the activity and physiological effects of	2121
a study of the factors attributed to errors in the	228
A study of the factors attributed to errors in the	229
A study of the hematological and biochemical	2124

A study on fuzzifging tri-topological spaces with	356
A study on some problem of univalent and biunivalent	300
A study on the effect of tilt on the performance	1626
A stylistic study of irregular sentences and nonsentences in	2225
A texture analysis system based on spatial frequency	473
A wireless body area network for secure	68
A3d imaging reconstruction of teeth using laser	957
A60 ghzmulti functional	1767
Academic events	175
Acritical discourse analysis of dominance and	232
Acritical discourse analysis of ideology in selected American	223
Acryptosystem based on transposition substitution	27
Activated carbon from waste date – pits	2208
adapting using specifc mir	1263
Adaptive blood glucose	1742
Adaptive colar image compress ion of polynomial	84
Adaptive controller for	1801
Adaptive methods for hyperspectral satellite	513
Adaptive multi-arm based approach for controlling	113
Adaptive observer based	1730
Adaptive techniques for medical image compression	14
Adsorption of thiophene from	2207
Adsorption study of the interaction between	631
Advanced well logging analyses and reservoir het	730
Aeroelastic flutter control of composite wing using	1569
Agent based modeling appyoa chto evaluate the emergency	164
Aggression of African American charsacters a study	2235
Ahybrid approach to solve vehicle routing problem with	108
Ahydraulic study of the tail regulators of	2110
Ahypothetical design of software defined network	1812
Alinguistic analysis of persuasive strategies in	202
All dispersion compensation	1757
All dispersion compensation utilizing	1765
Allelic analysis of h1 a a, b and	1207
Almost regular modules	298
Alternative of affordable residential	1923
Alveolar ridge preservation by	1341

An analytical discourse study of Iraqi effifth preparatory	247
An analytical study of soil temperature with	527
An approach to identify and classify Iraqi	64
An chorage bonds strength of concrete with	1978
An embedded measurement system for	1705
An energy efficient	178
An evaluation of anti- nociceptive and anti	1351
An experimental and numerical investigations of	1575
An optical modeling and analysis	1800
An optimization approach	1
An optimized loopshaping controller	1709
an tagonistic activity of a bacteriocin like inhibitory	892
Analaytic and numerical solution for differential	265
Analyse linguistiqueet	261
Analysis of cxrr4 and cxcl12 genes	1523
Analysis of flexural behavior	2069
Analysis of nuclear factor kappa and toll like receptor	1293
Analysis of oscillatory flow of carreau	347
Analysis of peristaltic transpose	286
Analysis of varlable thickness folder plate	1995
Analysis of volumetric deformation	1558
Analysis of water movement a subsurface	2108
Analytical assessment of the	1986
Analytical assessment of the ziquefaction potential	2029
Analytical comparison study of different	1427
Analytical investigation of dynamic	1628
Analytical study of the causes of abandoned	1927
Analyzing discourse and linguistic features within	219
Anatomical and histological study of ear in local dogs	2130
Angiopietin – like protein 2 and cerulop	1083
Annihilating ideals graph of commutative rings	341
Anti – cncer and anti bacterial activity of auiag	519
Antibacterial and antitumor effect of staphyloxanthin	907
Antibacterial and antitumor potentials of protelins extracted	898
Antibacterial antibiofilm immunomodulators and histopathological	903
Antibacterial antioxidant	911

Antibacterial effect of eucalyptus as root	1378
Antibacterial immunomodulatory and anticarcinogenic	2215
Anticonvulsant effect of vildagliptin and	1175
Antidiabetic activity of silver nanoparticles	1131
Antihyperuricemic effect of salvia	1179
Antimicrobial activity effect of mastic and	1330
Antimicrobial activity of different root canal sealers	1240
Antimicrobial activity of zinc oxide nanoparticles biosynthesized	844
Antimicrobial and cytotoxic effect of	1535
Antiviral activity of allium sativum and glycyrrhiza	894
Application of emulsion liquid membrane for extraction	1545
Application of microbial induced carbonate	1544
Application of pain management practices for	978
Application of rapid screening panel for detection of	869
Application of the characteristic free resolution	339
Applications of magic squares in geometric	372
Applications of up scaling techniques in	1887
Approximate methods for solving partial integro	322
Approximate solution of some differential	346
Approximation using neural networks with	362
Apracma stylistic study of selected children fantasy	192
Apragma stylistic study of repentance in selected	211
Apragmatic analysis of persuasion from the speech act	203
Apragmatic study of swearing in selected English	2219
Aproposal to optimize model based collaborative	36
Arabic legal text opinion extraction using argumentation	35
Arabic sentiment anal analysis	145
Argumentative indicators in some of chomsky's	2217
Artificial intelligent techniques for	1804
Artificial intelligent modeling for	1955
Asurvey on some analytical and geometrical properties of classes included	271
Asocio pragmatics study of courtesy in selected American	196
Asocio stylistic study of the representation of the stream of	191
Aspeech scrambling	150
Aspergillois in patients with detection of rhinosinusitis by	1202

Assembly and implementation of laser	458
Assessing the role of surface free energy in the	2004
Assessing the translation of the political ideology in	230
Assessing the translations of the cultural references of	227
Assessment and management of streamflow and	2017
Assessment and plethora	1707
Assessment durability characteristics of	2080
Assessment of alt and ast enzymes via optical sensing	787
assessment of anatomical characteristics	1272
Assessment of antioxidant and hormonal	1243
Assessment of bioactive resin – modified glass	1305
Assessment of cardiac hemodynamic changes	1067
Assessment of desertification and vegetation	509
Assessment of different	1678
Assessment of different mechanical profiles	1578
Assessment of disease activity in systemic	1257
Assessment of drivers characteristics in	2019
Assessment of ground water	2098
Assessment of harmine and harmaline alkaloids in callus of	854
Assessment of human placental leptin	1056
assessment of il-17a, il-4, cd8 and	1226
Assessment of implant stability changes	1338
Assessment of implant stability changes and	1342
Assessment of marginal accuracy of cad	1381
Assessment of microbial contamination and concentrations of	932
Assessment of moisture susceptibility for	1953
Assessment of secondary school	1046
Assessment of serum interleukin 6	1089
Assessment of some hematological and genetic parameters	827
Assessment of some hormone level variations using optical	786
Assessment of sulalbat flood escape system	2096
Assessment of sustainable modified as phalt	2089
Assessment of the durability of stone	1988
Assessment of the immunogenicity of proteus mirabilis	893
Assessment of the needs among families of martyrs	1002
Assessment of the protective effect of rosuvastatin and or	1158

Assessment of the protective effects of	1171
Assessment of the strength of subbase	2084
Assessment of visfatin hormone role in induced type	1059
Assessment of women's biopsychosocial	1049
Assessment of women's bio psychosocial	1044
Assessment the apelin glutathione	1087
Assessment the influence of xeroxstmia on some	1238
Assessment the role of novel compound derived from pheny	814
assisting cold plasma in preparing sliver	518
Association among gene	1228
Association between family cohesion and	1288
Association between seram secretory	951
Association between vitamin d and some immunological and	879
association of estrogen receptor alpha	1086
Association of estrogen receptor alpha gene	1070
Association of fetuin and chitotriosidase	1090
Association of fto genetic polymorphism in	589
Association of gene polymorphisms serumlevel of th17	794
Association of il-10 and il-28b gene polymorphism with	1490
Association of monocyte chemoattractant protein	1079
Association of ppar gamma gene polymorphisms	1109
Association of promoter polymorphisms	1127
Association of prostate specific antigen with	1115
Association of rankl	1212
Association of the 3utr188ct polymorphism	1081
Association of the immune response and oxidative stress in	791
Association of toll-like receptor 4 gene polymorphisms	1210
Association of vitamin d3 receptor gene and biochemical	660
Astudent advisory web application based on decision	30
Asymmetric digital image encryption system based on	37
Automated mobile robot movement forpre	1838
Automatic detection and classification of skin cancer	1716
automatic detection of sunspots size and activity	382
Axial behavior of screw pile in soft clay	2023
Bacteriological profile	809
Bacteriological study of chronic	1233
Basim analysis and stratigraphic relationship of the lower	771

Basin development and reservoir characterization	774
Beam columu connections in smart steel	1921
Bearing health monitoring based on motor	1439
Behavior and failure mode of reinforced	2048
Behavior of circularized squars concrete	2057
Behavior of cohesive soils subjected to	1976
Behavior of composite reinforced concrete	1954
behavior of double skin	1944
Behavior of fibrous recycled aggregate concrete short	2053
Behavior of flexible pile model strengthen with	1908
Behavior of geogrid reinforced piled	1943
Behavior of inclined	2055
Behavior of lap splices in reinforced	1945
Behavior of lightweight micro reinforced	2015
Behavior of oriented	1896
behavior of recycled aggregate fibrous	2040
Behavior of reinforced bubbled reactive powder	2058
Behavior of reinforced concrete	1962
Behavior of reinforced concrete continuous deep	1937
Behavior of reinforced green concrete piers	1922
Behavior of reinforced recycled aggregate	2001
Behavior of steel fiber reinforced self	2027
Behavior of strengthened rc beams	2054
Behavior of concrete beams reinforced by class	1965
Behavioral assessment of non and partially	1940
Beneficiation and purification of Iraqi attapulgit	693
Betatrophin and irisin their impact on	1088
Beurling prime systems and the Riemann	304
Bifurcation analysis and design of classes of nonlinear dynamical	285
Bifurcation and chaotic analysis and design of some differential	283
Bilateral amputation assistant system based on	1806
Bio application for some new vanadium	666
Bioaccumulation and toxicity of titanium dioxide nanoparticles	928
Biochemical studies of oxidative stress during	923

Biochemical study of fatty acid synthase	1187
Biochemical study on a group of Iraqi patients	921
Bioconversion of fungal chitin	1499
Biodiversity of aquatic plants and fish in al-hawizeh marsh	937
Bioelectrochemical	2091
Bioethanol production from low grade Iraqi dates	1543
Biological applications of gerium	1498
Biological control of water hyacinth eichhornia crassipes/	931
Biological preparation of ag zno nanoparticles	489
Biomechanical analysis of running calt using	959
Biomedical application of carbon nanoparticles	1759
Biomedical monitoring to analysis	128
Biophysical studies for some natural biopolymers	641
Biostratigraphy and facies analysis of qamchuqa/ sarmord	714
Biosynthesis of gold nanoparticles using dragon	646
Biosynthesis of silver nanoparticales and the evaluation	895
Biosynthesis of silver nanoparticles using	1520
Blind steganography method for hiding message in a dna	115
Blomechanical modeling to perform	961
Bond – slip behavior of dowel bars in	2118
brain tumor size classification based on ct	263
Breast cancer diagnosis based on fuzzy probabilistic	91
Breast cancer diseases detection based on effected	23
Building a direct cost contral system for	2049
Building geodata base and prediction statistical	2078
Building geodatabase mineral	1993
Building of a management system for implementation	1897
Calculating of auto correlation of randomness form	378
Calculation of perturbations effect and orbit transfers	384
Calculation of the interactions between solar wind particles	389
Cancer classification based on data mining techniques	59
Capacitated clustering approach	169
Card authentication based on embed fingerprint in image	75
Cardiovascular autonomic neuro pathy in	1063
Certain curvatuye tensors of almost hermitian manif olds	264
Certain oxi dative stress parameters growth	1076
Certain types of projective tensors of	328

Chaos communications without synchronization	523
Chaotic properties in 138 baatomic nucleus	506
Characteristics of asphalt	2087
Characteristics of asphalt	2090
Characteristics of sediment accumulation	2109
Characteristics of severe dust storms over Iraq	727
Characterization and hydrodynamic flow	2192
Characterization and mechanical properties of copper	1565
Characterization and performance	2193
Characterization and put analgsis of man surigacus	1878
Characterization of	1444
Characterization of bulk heterojunction blend	480
Characterization of corrosion and wear behaviors	1477
Characterization of cuo and al2o3	461
Characterization of functionally graded	1463
Characterization of hepatic cancer cell line (hcam	829
Characterization of metal oxides deposited	486
Characterization of nanometal fabricated	566
Characterization of p3ht: pcbm organic	400
Characterization of poly methy1 methacr	435
characterization of zno al thin films for sensing	457
Chemical modification of chitosan for heavy metal	623
children's response totime slip in edith nesbit's selected	2232
Ciphering using key generated	1842
Citrin vitamin d3 and y – glutamyi transferase	924
Classification of textsentiment analysis using supervised	33
Classification of the Iraq marshlands region	427
Climate change effect on operation of storm	1933
Clinical and biochemical association	1148
Clinical and diagnostic study of contagious	2148
Clinical and pathological changes in	2133
Clinical evaluation oxidative stress	1349
Clinical studies of adherens junction proteins and	919
Clinical study of early short follicular gonadotropin	1416
cloning and characterization of ctx – m- 15 b lactamase	878
Cloning and expression of leishmania	1521
Clustering based ranking tourist locations	165

Coldplasma effect on some parameters of sperns	467
Color Doppler and histological evaluation of the	1273
Color image encryption based on 3d chaotic map	15
Combination of fuzzysets with local	280
Community detection in big social networks	61
Comparable statical evaluation of the humerus	1053
Comparative analysis of spur and helical	1663
Comparative evaluation of canal	1303
Comparative evaluation of plain and	2119
Comparative rate of women age versus	1421
Comparative study of	1689
Comparative study of performance and emissions	1438
Comparative study of the vaginal flora in asymptomatic	875
Comparative study on graph algorithms representation	93
Comparative thermal analyses of a three phase squirrel cage	1712
Comparison between follicular fluid and blood serum	2155
Comparison different estimation methods for system	369
Comparison of marginal fitting and	1398
Comparison of moxifloxacin based	1152
Comparison of preoperative	1407
Comparison study homocysteine	649
Comparison study of advanced oxidative proteins	1075
Componential analysis in translating heming way's a	224
Computational analysis of globulin	1494
Computer investigations of sputtering yields for	393
Concealment in british and American military speeches	207
Condition monitoring of gasturbine	1677
Consensus control of uav multi-agent	1750
Construct a strong and high performance	377
Construction of plasing arc discharge plasma	449
Contagion model to diffuse information	67
content analysis of activity books for the first	248
Contributions for spectrum theory	306
Control and analysis of a quarter car semi	1591
Control and dynamic analysis of a serial type	1647
Control of contaminated fungus for laboratory medical	852
Contructed wethands for decontaminztion from	1559

Cooling enhancement for turbine blades passages by using	1622
Correction methods for	406
Correction of the line profiles for x –ray diffraction	439
Correlation of staphylococcus aureus	1231
Corrosion and wear behavior of copper based	1447
corrosion behavior and cathodic protection	1471
Corrosion behavior of carbon	2205
Corrosion control of al-uminum and its alloy	679
Corrosion in bibition of carbon steel in acidic medium	637
Corrosion protection and biological activity	686
Corrosion protection of capperalloys in acidic media by using environ mentallg friendly	591
Cosmopolitanism in v.s naipaul's latest novels	2228
Credit card frand detection based on support vector	137
Cross sectional and molecular study for detection of	1203
Crtical discourse analysis of international treaties of	2230
Crude oil demulsification using	2203
Crushed concrete demdition waste as permeable	1542
Cubic curves in the projective plane over finite	290
Cuo saturable absorber for q – switched er	1762
Curcumin as adjuvant therapy	1153
Customer churn predication based on intelligent	76
Cyber security risks management and assessment	63
Cytotoxic action of l.clutaminase	1509
Cytotoxic and antibacterial activity of silver	1495
Cytotoxic and genotoxic effect of purified	1491
Cytotoxicity and genotoxi city of aflatoxin bion human	857
Damage assessment of mosul city using	490
Darg reduction of kia pride	1686
Data analysis of some gase as pollutants for selected redions	746
Data hiding in biometric image for privacy protection	9
Dbd plasma system for surface modification	544
Decision support system for selecting of welding	1611
Decontamination of absorbed radiation in	537
Deep desuifurization of Iraqi heavy	2161
Deep learning in iris	1783
Deep machine learning for Arabic	1835

Defect detection of radiography image based	153
Degradation of methylene blue and methylene	1547
Delay analysis in construction projects	1968
Delete the frequent images in data based on frequent	29
Delineation of suitable sites for water harvesting and artificial	778
Dental health condition relation	1350
Deposition of spinel ferrite on glass and	533
Deposition of tantalum oxide and	1384
Design and analysis	1849
Design and analysis of a pushpull	1737
Design and analysis of an efficient hybrid	1772
Design and analysis of miniaturized	1794
Design and analysis of optical frequency comb sources for	1704
Design and analysis of reduced size uwb	1790
design and build a secure e –exam system based on spiral	140
Design and characterization of tin	1479
Design and construction of an electromechanical system	1738
Design and construction of optical fibers sensing	1776
Design and experimental study of single	2162
Design and experimental study of single	2199
Design and fabrication of ultra wide band	1775
Design and implementation of one	955
Design and implementation of vehicles identification	1791
Design and implement	1683
Design and implementation	176
Design and implementation	1741
Design and implementation	1744
Design and implementation motion control	1627
Design and implementation of	1823
Design and implementation of a prosthetic hand	1781
Design and implementation of an automatic voltage	1714
Design and implementation of an electro mechanical system	1706
Design and implementation of an in situ	1834
Design and implementation of a y – source micro	1725
Design and implementation of high step – up	1720
Design and implementation of load balanced	1832
Design and implementation of mechanical	1579

Design and implementation of oil pipeline health state	1818
Design and implementation of optimized	1803
Design and implementation of remote	1833
Design and implementation of safety	1831
Design and implementation of safety	1848
Design and implementation of smart power monitoring	1101
Design and implementation of speech	948
Design and implementation of stream ciphers	1722
Design and implementation of transverse excited	1756
Design and implementation of turbo	1816
Design and implementation of web house	10
Design and implementation of library	57
Design and manufacturing of permanent magnet	1711
Design and simulation of configurable	1784
Design and construction of solar air	1710
Design authentication	11
Design implementation and	1797
Design of control	1743
Design of control system for bldc motor	1715
Design of dynamical feistel crypto system	79
Design of efficient inductive power links for	1771
Design of flexible tool for the evaluation	1651
Design of gas sensors using carbon nanotubes	553
Design of interval typ-z fuzzy logic	1785
Design of nonlinear intelligent controllers for	1789
Design of optical interference polarizer	561
Design of prosthetic lower limb for	1050
Design of second order sliding	1718
Design simulation and	1747
Design synthesis and preliminary	1190
Design synthesis of new heterocyclic derives from	644
Design synthesis preliminary pharma cololgal	1185
Designing a system for object	1824
Designing and implementing file transport protoc	110
Designing a web based crawler to support a chemical	170
Designing e tendering website for	1913
Designing hydrogen peroxide biosensor using immobilized	922

hemoglobin	
Desulfurization of gasoil by using	2168
Desulphurization of heavy naphtha	2202
Detect and separate reflection from image	62
Detect damaged land regions after war hazard	45
Detection and clustering of fake accounts I twitter	167
Detection and genotyping of respiratory syncytial	1220
Detection of adenovirus	1241
Detection of aflatoxin bi and ochratoxin	785
Detection of bovine mastitis using some	2142
Detection of candida species and	1213
Detection of carbapenemase encoding genes among some gram	904
Detection of chemoresistant genes in breast	1507
Detection of colistin resistance among	1524
Detection of colistin resistance among...	1539
Detection of copy move forgery in digital image based on sift	39
Detection of cyp2 7 b1 gene polymorphism correlated with	1248
Detection of early occlusal caries using	1370
Detection of Epstein barrvirus antibodies in sera of	1204
Detection of fall event for video surveillance system	134
detection of homocystein	1134
Detection of inhibitory effect of honey and molasses	934
Detection of malicion system calls using frequency patterns	171
Detection of microbial contamination and	1130
Detection of oil spil	1919
Detection of potential b-cell stress and	1255
Detection of sabin poliovirus in children	1223
Detection of sickle beta globin haplotypes in	1285
Detection of some biomarkers associated with	823
detection of some virulence factors	1230
Detection of streptococcus agabctiaein pregnant	1232
Detection of transposable elements	1138
Detection of virulence factors in	1506
Detection shiga toxin	2140
Detection some physiological	1533
detection the anti inflammatory	1532

Detection the role of xrcc1 xrcc2	1137
Detection the tectonic boundaries using gravity and	724
determination and analysis of wind speed spectrum in	747
Determination of reinforcing bars	2072
Determination of some antibiotic drugs by cloud	694
Determination of some drugs in pharmaceuticals using	692
Determination of some selected drugs by	696
Determination of virulence factors and two resistance	866
Determination the efficacy of ultraviolet	1516
Determine most stable nuclide from some isobar nuclides	405
Developing a system for financing in frastructure	1980
Developing maintenance maintenance management system	2028
Developing of drological model and agro	1948
Developing the chemical investigation study of fiager prints	590
Development grxptography protocol based on magic square	12
Development of a smart heath care system	1850
Development of blueprintkey performance indicators	1969
Development of bridges performance monitoring system based	1431
Development of integrate sustainable	2005
Development of ldpc code for 5g communication	1770
Development of methodological approach to	1938
Development of mobil robot path planning	1768
Development of solid state nuclear track	575
Development of wearable in	1636
Developments related with entropy theory	274
Dgnamic elastic properties as an aid information	1886
Diagnosis of cryptosporidium	1237
Different coil	1619
Digital water marking technique for controlling	24
Dimerization of anthocyanin	1472
Discontinuous galerkin finite	324
Discourse analysis of the language of violenee in ahmed	2221
Distress priority for selected road in	2082
Dna sequences of bacteria and its phylogeny among	1219
Donor znpc acceptor zno solar	541
Drone based mail distribution system	1837

Duplication detection and elimination in xml data	132
Dynamic analysis of	1588
Dynamic approachfor knowledge driven dss	41
Dynamic response	2073
Dynamic response of shallow tunnel in dry	1926
Dynamic warehouse design using firefly and opso	103
Dynamics and analysis of stage – structured prey	326
Earthquake response of raft foundation with different	1929
Eating disorders and its related factors amony	974
Ecotoxicological and kinetics study of	942
Ecotoxicological investigation of dursban effect on common spp	936
Effect of concrete blocks configuration on	1973
Effect of active galactic nucleionthe photometric	387
Effect of adding cacl2 and polypropylene fiber	2006
Effect of addition polyamide	1393
Effect of additives on the geotechnical properties of sandy	1903
effect of additives on the properties of	2181
Effect of ag nanoparticles on the characterization of	441
Effect of annealing temperature on cd te	423
Effect of apelin periostin bone alkaline	1093
Effect of ask resulting from al-durah power plant on some	941
Effect of calcium phosphate to nanoparticles	607
Effect of cement space thickness setting on the	1295
Effect of certain immunological aspects in diabetes mellitus	845
Effect of chitosan based anionic polyelectrolyte	1159
Effect of comarin and its derivatives on the	1142
Effect of composite	1861
Effect of dark light daytime cycle on integrin protein	947
Effect of different	1452
Effect of dimensions of h steel pile models	1956
Effect of discoloration and simulated tooth	1306
Effect of doped au,ag with rco/ps for sensing	1638
Effect of earthquakeon the	2016
Effect of fineness of limestion powder	1458
Effect of fluidized bed stirring and	1616
Effect of genetic polymorphism of prolactinreceptor gene	1540

Effect of high temperature fire flame	2050
Effect of inoculation by bio-fertilizer under water	849
Effect of intrauterine infusion of autologous	1419
Effect of kappacarrageen an on condida	1383
Effect of laser fluence on synthesis of cadmium oxide and	1753
Effect of laser light and gold nanoparticales	466
Effect of laser shock	1763
Effect of lateral load rate on the behavior of	1909
Effect of liragiutideon glomerulone	1155
Effect of low level yellow laser	956
Effect of lycopene in viro	2150
Effect of matric suction on the behavior of	1952
Effect of metformin on	1168
Effect of mint oil and antibiotic on	1139
Effect of mo and ta on mechanical and corrosion	1465
Effect of nano (sic-al2o3) on the electrical and optical	481
Effect of nanoparticle drilling fluids on	1874
Effect of openings on the performance of	2011
Effect of organic pollutants on corrosion	2176
Effect of organic pollutantson corrosion of	2191
Effect of oxygen enrichment on combustion	1667
Effect of pb and nd substitutions on	417
Effect of phenazinde compound produced by rhizospheric	906
Effect of phenolic compounds	1170
Effect of polyethylene additive on performance of	2086
Effect of polyphosphoric acid on	1992
Effect of preparation methods on some	501
Effect of pressure on the properties of the nuclear	411
Effect of probiotics on protease	1512
Effect of process ingvariables on	1470
Effect of purified lacticin extracted from lactococcus lactis	867
Effect of remelting temperature on	1455
Effect of residnal oil saturation on	1879
Effect of rheological behavior	1442
Effect of safflower plant extracts on cell lines in vitro	853
Effect of salix alba barks and cilostazol	1174
Effect of shock ware therapy on spastic	1183

Effect of shot peening on fatigue properties	1573
Effect of sic and al2o3 additions on surface	1461
Effect of size and location of cavity on the	2106
Effect of some additives on the permeability	1941
Effect of some biopolymer derivatives on level	643
Effect of some interleukins on implantation after	1274
Effect of some organic dyes addition on the	478
Effect of some plant and algal extracts on thyroid	846
Effect of the particulate and nano additives of cadmium	442
Effect of tio2 / zro2 particles on the	1469
Effect of topical flavonoid and	1165
Effect of type of shoes on the calt cycle performance	958
Effect of ultrasonic peening on the	1609
Effect of using probiotic	2157
Effect of vaginal misoprostol on intrauterine	1104
Effect of water flow on the reinforced concrete	2112
Effect of web encasing for castellated steel	2038
Effect ozone depletion on the climate change and	381
Effect polar jet stream on extreme surface weather	735
Effectiveness of an educational program on mother's	1037
Effectiveness of a therapeutic education program	997
Effectiveness of an	986
Effectiveness of an education program an	1043
Effectiveness of an education program on nurses	982
Effectiveness of an education program on nurses	1035
Effectiveness of an education program on nurses knowledge	995
Effectiveness of an education program on teachers	979
Effectiveness of an education program on the	991
Effectiveness of an educational	1020
Effectiveness of an educational program	1289
Effectiveness of an educational program on	971
Effectiveness of an educational program on	988
Effectiveness of an educational program on	992
Effectiveness of an educational program on	1008
Effectiveness of an educational program on	1019
Effectiveness of an educational program on	1030
Effectiveness of an educational program on	1032

Effectiveness of an educational program on	1041
Effectiveness of an educational program on nurses	967
Effectiveness of an educational program on patients	975
Effectiveness of an instructional program concerning	966
Effectiveness of an instructional program of nurses	980
Effectiveness of an instructional program on	969
Effectiveness of an instructional program on	981
Effectiveness of an instructional program on	990
Effectiveness of an instructional program on	1003
Effectiveness of an instructional program on	1031
Effectiveness of an instructional program -on	993
Effectiveness of an instructional program on promoting	973
Effectiveness of an interventional program	1018
Effectiveness of an istractional program on quality of	1009
Effectiveness of bio- psychosocial	1048
Effectiveness of education program cardiac	1000
Effectiveness of educational program on women's	977
Effectiveness of enteral tube feeding	1010
Effectiveness of health educational program on	970
Effectiveness of health educational program on	1038
Effectiveness of health educational program on	1146
Effectiveness of information motivation	1001
Effectiveness of instruction program on maternal and	1039
Effectiveness of instructional program on	1016
Effectiveness of instructional program on knowledge of	1023
Effectiveness of nursing education program of	1013
Effectiveness of self management	1007
Effectiveness of self regulation fluid program on	1028
Effectiveness of the health action process	1027
Effectiveness of training program of school	984
Effects of adding nanoparticles to laser dyes	420
Effects of artificial roughness on	1673
Effects of bezafibratrimetazidine and vardenafil on	1157
Effects of grape seed extraet on contaminated feed	2123
Effects of imidacloprid concentration and zno	825
effects of lionizing radiation doses on	463
Effects of n acetylcysteine	2136

Effects of nonsurgical periodontal treatment on	1315
Effects of silver nanoparticles on the liver and kidney of	835
Effects of stress and electric field on the	493
Effects of tadalafil and trime	1172
Effects of topical phenytion and	1177
Efficacy of endometrial scratch on the	1420
Efficacy of experimental diabetes	2135
Efficacy of health beliefs model on geriatric	983
Efficacy of integrated health	949
Efficacy of nano- hydroxyl patite on enamed	1369
Efficacy of the health belief model and	985
Efficacy of the health beliefs model in enhancing the	1026
Efficacy of the transtheoretical model of change in	998
Efficacy of various disinfectants on bacterial	1367
Efficiency calibration for nuclear track	532
Efficiency evaluatin of an tibacterial	1513
Efficient image compression system bassed wavelet on difference	55
Efficient method for solving some types	273
Elastic post buckling behavior of semi	1999
Electrical devices management system for smart	550
Electrocoagulation method for the	2177
Electrocoagulation method for the	2194
Electron scattering form factors for positive	521
Electron scattering form factors from some light	495
Encryption and coding for secret information based on	101
Energy levels calculation for caisotopes using	573
Enhance ment of Iraqi bentonite characterization	1885
Enhance the under water images using	429
Enhancement data center resources based on fcfs	87
Enhancement encryption algorithms	144
enhancement energy consumption in	1723
Enhancement of antifungal activity of black pepper and	859
Enhancement of cosmetic demtal material	1589
Enhancement of digital signature algorithm in bitcoi	109
Enhancement of double pipe heat exchanger	1577
Enhancement of heat transfer for turbulent	1576

Enhancement of hydrothermal performance of	1610
Enhancement of load carrying capacity and	1635
Enhancement of mqtt protocol	1822
Enhancement of oil production	1875
Enhancement of quahtum	177
Enhancement of quantum repeater performance	1795
Enhancement of the inputport reliability of the	1843
Enhancement the performance of heat	1599
Enhancement the pergormance of the	1694
Enhancement the themal	1648
Enhancing sensor network routing based on intelligent	94
Enslavement in veronica roth's trilogy divergent	2223
Environmental assessment of land use in al-tarmiyah	776
Environmental geochemistry of wasit governorate Iraq	767
environmental impact assessment of brick industry at abu	715
Environmental performance evaluation of some	1555
Environmental radiation assessment of the tigrisat	574
Epidemiological and genotypic study of hepatitis	1206
Epidemiological and immunological study of	2154
Epidemiological and molecular study of	2122
Epidemiology of gestational diabetes and	999
Epileptic seizure detection based on two classification	96
Evaluation of some biochemic a land	1496
Establishment automatic mosaic construction algorithm	386
Estimate survival function for Rayleigh	338
Estimation of a quifer hydraulic	1916
Estimation of air surface temperature using outgoing	738
Estimation of polyamines levels and	1082
Estimation of rate of penetration	1873
Estimation of residual stresses and corrosion	1582
Estimation of steroid hormones and some of	2145
evaluate and compare the effect of	1365
Evaluate pollution in grond water and mapping utilizing	477
Evaluating Iraqi efl university teacher made tests in light of	255
Evaluating ministerial	259
Evaluating the effect of adding chitosan	1312
Evaluating the effect of adding chitosan	1322

Evaluating the effect of controlling zeta	2008
Evaluating the effectiveness of oval curcumin	1150
Evaluating the English textbook English for Iraq	253
Evaluating the performance of titanium dioxide	680
Evaluating the role of nano	1391
Evaluation of intermediate schools	1015
Evaluation and analysis of vehicles demand for	1974
Evaluation and comparsion of atmospheric correction	450
Evaluation and prediction of drought in Iraq using sc	739
Evaluation antibacterial activity	1508
Evaluation building information modeling	1991
Evaluation of activin a and granulocyte macrophage	1413
Evaluation of adding wasteplastic fibers on some	1907
Evaluation of alkali treated sewage sludge	1548
Evaluation of anti- plaque effectiveness of	1339
Evaluation of antifungal activity	1326
Evaluation of antifungal activity and	1301
Evaluation of atmospheric blocking effects on weather	740
Evaluation of biocompatible composites	1390
evaluation of bonewarrow fluid and serum fattg acids and lipoy genase in	916
Evaluation of calcium regulating hormones and some biochemical	821
Evaluation of canal transportation and centering	1311
Evaluation of carious tissue	1376
Evaluation of continuing nursing education	1021
Evaluation of crestal bone resor ption	1340
Evaluation of dental implants primary stability in	1292
evaluation of different implants for	3147
Evaluation of different methods to mitigate soil	1987
Evaluation of erodibility	1529
Evaluation of friction stir welding of	1574
Evaluation of ground water in lailan basin	779
evaluation of groundwater of al-dammam aquifer in	777
evaluation of hartha formation from selected wells	733
Evaluation of high sensitivity c-reactive protein	1325
Evaluation of implant stability an	1282

Evaluation of methotrexate on Iraqi cutaneous and visceral	909
Evaluation of multilayer thin films	1459
Evaluation of new biomarkers in the diagnosis of	1253
Evaluation of nurses practices toward care of children	965
Evaluation of open graded friction course mixture for	2116
Evaluation of oxidative status marker	1251
Evaluation of oxidative stress changes in serum	1417
Evaluation of patients with clicking	1333
Evaluation of petrophysical properties for	1894
Evaluation of platelet rich fibrin effect	1348
Evaluation of post stroke heal the related quality of	1143
Evaluation of quality of self management for	1036
Evaluation of radioactive medical wastem	446
Evaluation of relaxin as biomarker for	1103
Evaluation of retaining water on productivity of	2095
Evaluation of roadway surface condition using	1430
Evaluation of salivary melatoning secretory	1321
Evaluation of seepage effect on characteristics of	1960
Evaluation of seminal plasma toil	1108
Evaluation of seramlysyl oxidase and calreticulin	370
Evaluation of serum copeptin preg nancy	1095
Evaluation of serum ghrelin and some biochemical	630
Evaluation of serum progesterone	1423
Evaluation of serum progesterone level in	1412
Evaluation of silver nanoparticle systems for	963
Evaluation of single nucleotide polymorphisms	1308
Evaluation of soluble melanoma cell adhesion	1102
Evaluation of some biochemical parameters	1071
Evaluation of some biomarkers and immunohistochemical	828
Evaluation of some interleukins and antioxidants in	820
Evaluation of some molecular and physiological aspects of	812
Evaluation of some serum biomarkers and	1260
evaluation of some trace elements and	1256
Evaluation of sustalnable warm mix	1984
Evaluation of synergistic inter actions between call free	910
Evaluation of the amount of bebris	1318
evaluation of the anthraquinon antibacterial efficacy isolated	840

Evaluation of the clinical role of tex101 and ecmi	1415
Evaluation of the effectiveness of using	1345
Evaluation of the efficiency of traditional	600
Evaluation of the level of stem cell factor in	1106
Evaluation of the marginal and internal	1299
Evaluation of the national program for infection control	1144
Evaluation of the protective effect of eruca	2153
Evaluation of the retention and	1362
Evaluation of the role of kras gene polymorphism	1205
Evaluation of the warm mixture asphalt	2083
Evaluation of traffic operation at	1936
Evaluation of water quality for diyala	1966
evaluation of well performance of badra	1865
Evaluation role of serum vitamin d3	1107
Evaluation scenarios for future conditions of	1541
Evaluation the effect of glass fibers	1388
Evaluation the antibacterial effect of sodium	1377
Evaluation the effect of different	2216
Evaluation the effect of different surface	1396
Evaluation the effect of local application of red clover oil	1358
Evaluation the effect of metformin drag on the	1078
Evaluation the effect of reinforcement nano materials	1385
Evaluation the effect of thermal aging and	1395
Evaluation the effects of some green tattoolnk chemication	933
evaluation the glycation level of some proteins in the	576
Evaluation the healing process of periapical defect	1266
Evaluation the incidence dentinal	1300
Evaluation the incidence of dentinal	1327
Evaluation the interaction of diyala river and ground water	775
Evaluation the radongas adsorption in leaves of	551
Evaluation the role of phosphate	1493
Evalution of some	659
Event tagging and	149
evidentiality in modern standard Arabic	206
Exactand approximation algorithms for	308
Exotic nuclei shell structure study using	515
Experimental and	1618

Experimental and	1971
experimental and	2092
Experimental and computational fluid	2167
Experimental and computational fluid	2189
Experimental and finit element modeling	2074
Experimental and numerical	1443
Experimental and numerical in vestigations of	1863
Experimental and numerical investigation	1855
experimental and numerical investigation of	1684
Experimental and numerical simulation of	1634
Experimental and numerical study of	1605
Experimental and numerical study of	1858
Experimental and numerical study of thermal	1657
Experimental and numerical study of tirebead	1593
Experimental and numerical study of two phase	1620
Experimental and optimization studies	1434
experimental and theoretical	1660
Experimental and theoretical comparison of	1690
Experimental and theoretical investic	2165
Experimental and theoretical investigation	2186
Experimental and theoretical investigation for	1695
Experimental evalnation of mechanical properties	1570
Experimental investigation jaundiced neonates	954
Experimental investigation of blan king	1856
Experimental investigation of factors	1859
Experimental investigation of mechanical	1633
Experimental investigation of slender	2047
Experimental investigation to study	1440
Experimental performance evaluation of	1692
Experimental study by using smart water	1876
Experimental study for enhancing	2205
Experimental study of heat transfer	1632
Experimental study of loss	1881
Experimental study of shale stability	1884
Experimental study of some galvanizing	1478
Experimental study of some materials using	565
Experimental study of the effect of in sulation and wall	1568

direction	
Experimental study on the distribution of lateral stress	1961
Exploring the role of mycobacterium avium subspecies	2125
Expression of cancer stem cell markers oct4 and	1200
Externally and near-surface mounted	2070
Extraction and characterization of soybeans	1515
Extraction of silicon from tigris	1475
Extraction of zirconium oxide from	1480
Fabrication and characteristics study of	571
Fabrication and characterization of nanostructure films	1754
Fabrication and characterization of thin film	1773
Fabrication and study electrical properties of	432
Fabrication of hesperidin poly lactic	1514
Fabrication of nanoinatment for burned	539
Fabrication of nanotitanium dioxide	469
Fabrication of pcf	1779
Fabrication of perovskite solar cell and	1639
Fabrication of sno2 in thin films prepared by	407
Fabrication of zno and zno ni nanomaterials	452
Face recognition technology to monitor class	47
Fatigue – creep with electrical properties of	1733
Feasibility of water	2214
Fft neural network to estimate some	332
Fibrin glue physiological properties of	1061
Field investigation of prototypr jet grouting	1939
Finding the optimum renewable energies	438
Finger movement authentic cation using biometric	43
Fingerprint identification system based on orientation	1815
Finite element modeling of punching	1935
Flexural behavior of one way reinforced	2059
Flexural behavior of reinforced	2077
Flexural behavior of textile reinforced	1901
Flexural capacity of composite box steel	2066
Flexure behavior and properties of reinforced	2041
Flow analysis of magnetohydro dynamic peristaltic	315
Flow boiling of r-134 a in copper metal foam	1617
Flow injection spectrophotometric determination of some	691

Football score video summarization using	73
Forihners authentication based on multi	1836
Formation and spectral characterization of metal	615
Formulation and evaluation of granisetron chewable	1160
Fostering motorcycle helmet use among	1006
Fracture mechanics behavior of spot	1646
Fracture toughness of two types	1392
Framework of computer	1682
Free vibration analysis of cantilever composite	1584
Frequency of arrhythmia after acute myocardial	1408
Frontal facial image compression based on near	56
Full view panoramic	173
functionality of assertive speech acts in modern	236
Fuzzy c-means (fcm) algorithm for data clustering	121
Fuzzy feature selection and adaptive random	159
Fuzzy genetic algorithms for solving some	292
Fuzzy neuro inference system for game dynamic	154
Gas sensor based on multiwall carbon nano tubes	558
Ge no typing of lactobacillus species	1227
Geaeralization of the dual notions of prime and primary	360
gender ideology and ethical chalenges in selected	198
Gene expression and polymorphism of catsper	1536
Gene expression of efflux pump mex	1117
Gene expression of micro rna34 – a and some	1100
Gene expression of mir-17 3p and mir-92	1214
gene expression of omp k35 and omp k3g in	1113
Gene expression of tusc3 and kenmal genes and their	815
Gene polymorphism and expression of endothelial	1123
Genetic polymer phism and biochemical biomarkers	1098
Genetic variation efflux pump with quinolone	880
Genetic variation in some Iraqi women	1132
Genetic variations of (glut) p3 and (ft2a) p6	1209
Genetic variations of ychromosome short	1112
Genotypic and phenotypic detection of plasmid	792
Genotypic of dialysis patients in Baghdad province	1252
Genotyping and phentyping characterization of methicillin	798
Genotyping of leishmania spp causing	1221

Geological and reservoir study of shuaiba	1867
Geomechanical model to investigate the effect of	1877
Geometric modeling and manufacturing of	1857
Geospatial modeling of drought in middle	1930
Geotechnical properties of different soils reinforced	1905
Gis based model for optimal	2107
Green synthesis and study physical properties	416
Green synthesis of gold nanoparticles using green synthesis	621
Green synthesis of iron nanoparticles	1546
Green synthesis of nanoparticles and its	471
Hash function and collision resolution	31
Heat transfer enhancement for	1681
Heat transfer of double pipe heat	1664
Heavy metals and salinity treatment by two species of	929
Hepatocyte growth factor (hgf) regulatory effects on	1054
High rate outlier detection	1827
Histological and immunohistochemical	1356
Histological and immunohistochemical evaluation of alpha	1105
Histological and immunohistochemical	1279
Histological and immunohistochemical	1284
Histological and immunohistochemical evaluation for bone	1354
Histological structure and changes in	1051
Histopathological changes in placenta and umbilical cord associated	913
Hla drbi 12 16 and 11-4 gene polymorphism of	1218
Hormonal and molecular study among sample of sub fertile	804
Hormonal disturbance in sexual dysfunction in patients	912
Human body identification and tracking	158
Human ear recognition using ffnn,cnn,surf	19
Human face emotions and body postures recognitions	6
Human face recognition	141
Human face recognition using	129
Human gait recognition method based on multi layer	13
Human identification based on fusion of	1841
Human multiviewface recognition	1820
Human norovirus detection among	1216
Hybrid audio compression using fractal	21

Hybrid lightweight cipher model	74
Hybrid meh – ppv tio2 semiconductor for multi	505
Hybrid security technique for wireless sensor network	123
hybrid swarm algorithm for parameters estimation of the penalized	272
Hydraulic and mechanical properties of	2113
Hydraulic characteristics of	2105
Hydrochemistry and environmental isotopes of water resources	765
Hydrodynamics and mass transfer in microalgae	2159
Hydrogen production from formic acid	682
Hydrogeological study and mathematical model of shwan	732
Ic metric technology for embedded devices security	85
Identification of human	1211
identification of serratia marcescens isolated from neonatal	861
Identification of staphylococcus aureus enterotoxins	795
Identifying users trends on twitter using semantic web and	166
Image encryption algorithm based	81
Image encryption based on dnacoding and logistic chaotic	97
Image encryption based on visual cryptography	54
Image plagiarisms for engineering design maps	106
Image retrieval using data mining technique	138
Image schematain English proverbs alingulstic	189
Image water marking algorithm based on quantum	86
Image watermarking using algebraic methods for	379
Images stego analysis techniques using convolution	46
immune – molecular study on toll like receptor -7 ina sample of	881
Immune – physiological study associated with abortion for	781
Immune histochemical assessment of	1283
Immune histochemical evaluation of the	1353
Immune modulating effect of shl a-g protein in asample of Iraqi	838
Immunocytochemical evaluation of fkbp51 protein and its	830
Immunogenetic study	806
Immunogenetic study for patients with coronary artery	782
Immunogenetic study on aborted women associated with	899

Immunohisto chemical expression of cancer stemcell	1201
Immunohistochemica and molecular targeting of herpetic	834
Immunohistochemical evaluation of epidermal growth	1357
Immunohistochemical explession of	1317
Immunohistochemical expression of	1290
Immunological and candida	1347
Immunological and cytotoxic evaluation of	1518
Immunological and histological effects of lactobacillus acidophilus	822
Immunological and histological effects weissella confuse	817
Immunological and molecular changes in asample of asthma	901
Immunological evaluation of immune cells	1497
Immunological study in rabbits on two antigen	2127
Immunological study of recent activation	1254
Immunopathogenesis changes	1149
Impact of ahealth education program on patients with	1147
Impact of biosynthesized cold nano particles on expression of	784
Impact of body image on self esteem and	968
Impact of childbirth classes regarding labor	1047
Impact of cyp2 d6 polymorphis on the efficacy of	1161
Impact of he some atmospheric green house gases on	748
Impact of health services quality upon clients	994
Impact of inbreeding on oral health status of their children	1328
Impact of intelligence quotient on selected pral	1371
Impact of latency and packt loss on performance	181
Impact of micrornas cytokines and oxidative	1550
Impact of nurses burnout upon quality of on cology	996
Impact of parental feeding practices upon	1004
Impact of precocious puberty and	1017
Impact of pregnancy in duced hypertension upon	1045
Impact of surface energy of modified	2117
Impact of the danger	1033
Impact of weight status during pregnancy upon feto	1040
Impact of wind power on Iraqi power grid	1736
Implementation of a pellet reactor for ground	2163
Implementation of a pellet reactor for ground	2180
Implementation of adaptive	1745

Implementation of brute force attack on rc4 cipher based on fpga	40
Implementing full field planin developing	1869
Impoliteness strategiesin selected English and Arabic	197
Improve genetic algorithm using artificial bee	100
Improved energy saving routing protocol for intern	53
Improved its protocol based on hybribrid	152
Improved unsupervised deep neural network to	98
Improvement demulsification of	2209
Improvement of data security system using magic	78
Improvement of gypsum soil in	2102
Improvement of heat ransfer and lowering	1687
Improvement of heat transfer and	1644
Improvement of unscented and extended	1787
Improvement of water productivity using	2101
Improvement the mechanical properties of ti6	448
Improvement the performance of evaluatef tube solar	1735
Improvement the surface integrity of	1864
Improving a clutch performance using	1629
Improving community detection of social networks using	168
Improving cost estimation by identify the	2030
Improving cost estimation by identify the relationship	1985
Improving flood discharge capacity of areach of	2099
Improving quad tree using space filling curve for spatial	92
Improving the management of al-kamaliya irrigation	1904
Improving the mechanical properties and	1466
Improving the mechanical properties and microstructure	1481
In flulence of preparation design on	1324
In silico design synthesis	1184
in silico molecular study of nivalenol and its cytotoxic	796
in silico of quercetin as beta	1141
In vivo and invitro effect of hyperglycemia on	1064
Incorporation of nano sized bioactive fillers	1296
Induction of human hair follicle	1531
Inelastic response of reinforced concrete multi	1900
Influence of abuse and neglect on mental health among	976
influence of additives on the durability of	2076

Influence of cold plasma on spectroscopic	538
Influence of emotional intelligence on a cademic	1005
Influence of organic molecules functionalized	547
Influence of shot peening and laser shock peening	1454
Influence of some metal elements with their	1091
Influence of uniformly grooved	2162
Influence of uniformly grooved surface on mass	2169
Information and communication technology in the	2065
Inhibition of pseudomonas aeruginosa isolated from wonds	872
Inhibition quorum sensing signals in clinical	802
Inhibitory role of some plant	1505
Injective semimodules relative to	351
Integrated geospatial data	1996
Integrated h2s/co2 gas injection to	1892
Integrating root with	1446
Integration and implementation of zigbee networks	20
Integration framework for process	1680
Integration of virtual prototyping and	2013
Intelligent agent based reinforcement	1808
Intelligent authentication using fuzzy logic and	32
Intelligent classification approach for mammogram	125
Intelligent fruits recognition system based on texture	117
Intelligent heartbeat controller	1814
Intelligent optimal path recommendation moduleform	133
Inter and intrafile deduplication using sha-1	3
Interactive system for tourist and trade institutions	1809
Interleukin12 gene polymorphism	803
Investigate the	390
Investigate the affected parameters on	391
Investigate the design parameters of the	1585
Investigating	2238
Investigating efl university students thinring styles	222
Investigating the efflux pump mutations related to	876
Investigating the nefazodone associated	1197
Investigating the possibility of producing modified	1942
Investigation of	1436
Investigation of bacterial resistant urinary tract in fections	864

Investigation of behavior of concrete produced by	2062
Investigation of biological tissue optical	1761
Investigation of ck -18 m30 il-33 tet	1265
Investigation of dynamic behavior	1676
Investigation of earth deformations using	1432
investigation of egr effect on performance and	1608
Investigation of flame preparation characteristics	1602
Investigation of paraffin	1699
Investigation of physical and electro chemical	1462
Investigation of ribs effect on heat transfer	1595
Investigation of seawater intrusion for	2094
Investigation of some cytokine gene polymorphism	1215
Investigation of subsurface archaeological features using	757
Investigation of the chemistry of fullerene	663
investigation of thermal gradient in tumors	1717
Investigation of using oscillation heat	1675
Investigation of water hammer effect through	2114
Investigation on the microwave	1746
Investigation on the production of silicon	1456
Investigation pre-and in service training needs	250
Investigation the effect of green synthesized	1522
Investigation the effect of nano particles on	447
Investigation the effect of optimum vortex	1564
Investigation the effect of very fast halocme on behind	383
Investigation the effects of fusarium silver	945
Investigation the performance of concentric	1600
Investigation the performance of double	1693
Investigation the performance of the skirted foundation on	1964
Investment of fly ash product from electrical	2012
Iris recognition using independent and principal	421
isolation and gene expression of baba gene in	1488
Isolation and identification of endophytic fungi from some	842
Isolation and molecular characterization of	2134
Isolation and molecular identification of some	2146
Judd ofelt analysis of non crystalline sio2	563
Key generation from multi biometric based meerkat	82
Kinetic parameters of matrix metalloproteinase	1182

Kinetic study of g6pd and some bio chemical	588
Kinetic study of granzyme bin patients with	1193
Kinetics and role of prolidase diptidy	1188
Knowledge and attitudes	987
Knowledge and attitudes	1034
Knowledge attitude and practices	1145
Knowledge, attitude and practice of mothers	1403
Lagrange polynomials for numerical solutions	374
Land cover land use mapping using	1989
Laporatory improvement of expansive soil	1931
Laser aided ceramic bracket	1363
Laser deposition of	1727
Laser deposition of al2o3 nanomaterials	1624
Laser deppier and histological evaluation on of	1270
Laser produced cadmium sulfide plasma for	552
Lateral dynamic response of group	1979
Leptin adiponectin levels and	1191
Leukocytes image segmentation and classification based	116
Linguistic interpretation of facial expression	1777
lipid peroxidation of human sperms as an	1245
Litho – fluids geochemistry reservoir damage evaluation	720
Load deflection characteristics and surface roughness	1359
Load shedding for Iraqi	1703
Local application of cinn amomum	1355
Longitudinal electron scattering form factors	414
Low carbon steel cladding using co2	1448
Low grade inflammatory markers in a sample of Iraqi	837
Loy interpretation and evaluation	1890
Magnetic treated drange water	1561
Management of road maintenance	2088
Management of samarra aththarthar system by	2111
Management system for smart city	1829
Mandibular degree	1314
Manufacturing of	1473
Marginal fitness of monolithic zirconia	1309
Mathematical simulation model of seep age	1549
Maximum bite force in relation to oral and	1379

Measurement for video quality of experience	26
Measurement for video quality of experience using	8
Measurement of natural radioactivity in soil	476
Measurement of temperature change	964
Measurement of temperature change during	960
Measurement of uranium and radon concentrations in	398
Measurement of uranium and radon in	545
mechanical and electrical characteristics for	1734
Mechanical properties investigation of	1654
Medical image compression technique using hierarchical	102
Mel frequency cepstrum coefficient and vector	105
Memories and identity study in selected plays by Brian Friel	2237
Metabolomics of metformin's	1198
Metal complexes derived from bidentate ligands	601
Microbial and molecular detection	1511
Microbial and molecular study of antiphospholipid syndrome in	870
Microfacies analysis and petrophysical evaluation of	741
Microleakage of laminated veneers	1307
Microwave assisted desulfurization of Iraqi	2196
Mineralogy and geochemistry of the Mishrif formation in selected	721
Mineralogy and sedimentology of recent sediments of the lower	773
mineralogy geochemistry and fluid rock interaction of the	768
Mobile distribution effect on TDMA	1732
Model development for the prediction of the resilient	1895
Modeling and analysis of a stage structured prey	294
Modeling and analysis of custom foot orthotics	1563
Modeling and implementation of nuclear	487
Modeling asphalt concrete properties using	1899
Modeling of groundwater flow for	2093
Modeling of suspended vibrational	1729
Modeling water quality and quantity for	2104
Modification and characterization carbon	1597
Modification of binary salts polymer	470
Modification of some natural polymers and	625

Modified basic spline multiscaling and wavelets	303
Modified dijkstra algorithm with load	1839
Modified numerical simulation technique for	279
Moduli of smoothness and applications	325
Moisture susceptibility of asphalt	1947
molecular analysis of chaperone usher system in type 1 fimbriae	885
Molecular analysis of efflux pumps and quorum sensing	896
Molecular analysis of staphylococcus aureus isolated from	884
Molecular and biochemical characterization of	1510
Molecular and immunological	1486
Molecular and immunological study of beta	1228
Molecular and immunological study of multiple	1247
Molecular and immunological study on aborted women with toxoplasmosis	788
Molecular and phenotypic	808
Molecular and phenotypic study of silver nanoparticles	873
Molecular and serological detection of parvovirus	1229
Molecular and serological study for	1259
Molecular association of sexually transmitted	1492
Molecular characteristics and clinical	1235
Molecular characterization of fusarium oxysporum	858
Molecular characterization of some salmonella virulence	2129
Molecular characterization of some virulence factors among	887
Molecular detection of bla_{oxa}-1 and	1133
Molecular detection of extended spectrum beta	783
molecular detection of medically	1222
molecular detection of some	2132
Molecular detection of some gene of biofilm	1135
Molecular detection of superantigens in	2156
Molecular detection of vancomycin and	2151
Molecular diagnosis of toxoplasma gondii in local and	2137
Molecular docking studies for design synthesis and	611
molecular evaluation of lactobacillus and bifidobacterium	790
Molecular identification of fungi from type 2	900
Molecular identification of yersinia	2126
Molecular screening of kpc, vim, and	810

Molecular study for the effect of cold plasma and	902
Molecular study in sample of infertile Iraqi women with	1264
Molecular study of infertile ubman infected with cmr	865
Molecular study of parcand gyra genes for	1136
Molecular study of serotonin type	1537
Molecular study of some virulence	1239
Molecular study of ubc gene and	1526
Molecular study on prototheca spp and pseudomonas aeruginosa	862
Molecular typing and kpc enzy me detection of	1114
Moleculer study of some virulence genes of	1122
Monitoring degradation of wetl and areas using	1429
Monitoring the behavior of carbon dioxide concentration using airs	744
Mono speech signall separation using optimi	146
Monoamine oxidase activity and	918
Monorail network selection in Baghdad	2085
Morbidity and mortality associated	1424
Morphological and molecular detection of	2139
Morphostructure of Euphrates river basin in Iraq	750
Motor unit number estimation	1062
Moving objects extraction based on deep	1819
Mri image tumor classification system based on segmentation	131
Multi effect solar still using pcm	1661
Multi- levelsecurity model based	17
Multi panty risk management	1898
Multi-locus sequence typing of multi	1534
Multiple source data collection in wireless	1688
Multiwavelength q	1726
Multiwavelength q	1749
Multlreal time face detection tracking and blurring	104
Muslim Americans dilemma post 9/11/in selected post modern	2226
Mutation detection of dna sequence based	157
Mycosynthesis of silver nano particles by using saprolegnia	888
Natural radio activity measurement in Iraqi	512

Near surface spatial spatial air	1946
Nephroprotective effect of atorastatin	1199
Network devices	172
Network parameters optimization framework for manetusing	163
Neural predictive voltage tracking controller	1769
Neuraminidase gene expression in cytotoxic and	890
Neuro fuzzy models for pseudo random number	142
Neuroprotective and antiknock inceptive potential	1178
Neutron yield characteristics for t t fusion reaction	572
New approach of hyaluronic binding	1422
New classes of probability distributions	368
New fused heterocyclic derivatives synthesis characterization	586
New immunological technique for diagnosis of	1276
New secure routing technique for manet networks	111
Nideo summanization using graph models and	162
Noise reduction along two seismic sections east diwaniya	759
Non bageseian and bageseian methods to estimate the	287
Non- deterministic approach for reliability	2043
Nonlinear dynamics in laser coupled	564
Nonlinear finite element analysis of	2010
Nonlinear vibration damping of two layers	1625
Nonparametric estimation of hazard function	297
Novel pyrazoline derivatives synthesis	626
Nuclear structure of 100,116,132 isotopes	437
Nuclear structure of isotopes	540
Nuclear structure of some closed shell nuclel using	413
Numerical analysis	1918
Numerical analysis of drainage for highway	2079
Numerical and experimental	1645
Numerical and experimental fatigue	1464
Numerical and experimental study	1642
Numerical and experimental study of	1580
Numerical and experimental study of an	1583
Numerical and experimental study of heat	1435
Numerical and experimental verification	1649
Numerical solution of random differential	348
Numerical solutions for system of fractional order	321

Numerical solutions of fractional order	311
Numerical study of	1970
Numerical study of corrugated steel	1967
Numerical study of forced convection	1601
Numerical study of forced convection heat	1658
Numerical study on hydrothermal performance	1666
Numerical weather prediction using barotropic vorticity	743
Nurses knowledge attitudes and	1025
Object recognition using cuckoo search and artificial	25
Observation of interactions of the icmes with earth bow	380
Offline recognition system for hand and machine writing	114
Olive leaf extract as corrosion inhibitor of	597
On abbltive mapping of inverse semitings	314
On ammanniteration scheme approximation of fixed point	366
On bi-capacities and its integrals	373
On commutativity results o prime	329
on domination of the softgraphs	355
On hyperfactored arrangements	334
On ku-algebra with semigroup	291
On pre-g closed sets via ideal topological	358
on projection algorithm	262
On radical small submodules	299
On robust toric ideals for some types of contingency	302
On soft turning points	289
On some fuzzy discrete distributions	284
On some generalizations of classes in volving	318
On some properties of finite dimensional fuzzy anti	361
On some special oge distributios	295
On the approximation solution of nonlinear	337
On the inverse shadowing properties	276
On the primitive weird numbers	320
On trast region algorithm for solving uncon	336
On weak soft (1,2) w open sets and weak soft (1,2) d sets in soft	282
On yeneralized hollow lifting mobles	275
Online search techniques	344
Opinion extraction framework using aspect	65

Optical properties of rhodamine	459
Optimal conditions for the production of	1502
Optimal coverage overlapping	180
Optimal design of pv/t with reflectors	516
Optimal effective choice of pile	1990
Optimal effective choice of pile type on	2031
Optimal fuzzy logic control for	1786
Optimal path finding based on	1799
Optimization algorithm for bus network in karbala	1949
Optimization and experimental evaluation for	2178
Optimization of cutting parameters on	1862
Optimization of laser parameters on engraving process for	1755
Optimization of machining parameters in	1853
Optimization of recycle for aluminum	1457
Optimization of sustainable smart health care	1805
Optimization of the chemical milling on the	1854
Optimization parameters in machining	1851
Optimized external plagia rism detection for textual	2
Optimum design of layout for sewer	2026
Optimum design of specific prosthetic	1631
Oral findings microbiology tumor	1352
Oral health condition among	1374
Oral health condition relation to some	1286
Oral health conditions in	1380
Oral health conditions in relation to	1368
Oral health conditions in relation to	1371
Oral health status and selected salivary	1332
Preparation and manufacturing an abrasive for some	769
Orientation of smart wheel chair system	962
Origin and development of pira magrun alluvial fans	754
Orfacial manifestation and estimation	1346
Orthodontic treatment need of Iraqi children	1360
Oscillation and asymptotic behavior of first	293
Ovarian folliculogenesis and reproductive hormonal changes	818
Oxidative stress induced by mercury chloride and protective	839
Oxidative stress status and the in-vitro	614
Oxymoron in some selected modern poems in English and	2241

Parallel genetic algorithm for optimizing compiler	18
Parallel processing to vehicle license plate recognition	135
Parents efficacy for child healthy weight	1024
Parents satisfaction with care provided in	1022
Partial occlusion face recognition using robust	179
Path planning and adaptive motion	1606
Path planning for multiple mobile	1792
Path tracking control and obstacle avoidance of	1566
Pathological evaluation and molecular	2149
Pattern discovery for text mining measured by levenshtien	5
Pattern recognition system for sign language	1788
Performance analysis of a photo voltaic and a photovoltaic	1567
Performance analysis of super	1802
Performance and energy saving of iot	1844
Performance and load capacity of	1915
Performance of pile group in gypsous soil	1983
Performance assessment of a four	1652
Performance enhancement of asphalt binders using	633
Performance evaluation	1698
Performance evaluation for software	1813
Performance evaluation of a solar	1604
performance evaluation of an optical	1793
Performance evaluation of asphalt mixes	1917
Performance improvement of optical communication	1782
Performance of combined electrocoagulation advanced	2179
performance of composite steel plate	2046
performance of fluidized bed adsorber in removing	2239
Perinatal risk factors for neonatal sepsis in	1156
Peristaltic transport analysis of	269
Peristaltic transport of	364
Person identification based on colored	1766
Personalized social friends recommendation	99
Perturbation by some type of operators and generalized	323
Petrogenesis and geochemistry of gabbro and granitoid plutonic	766
Petrology of the rock sequence at jabal sanam	726
Petrophysical study and geological modeling of yamama	731

Pharmacognostical and phytochemical studies of	1181
Pharmacognostical phytochemical and antibacterial	1196
Phase control applications in chaotic	491
Phenotype and genotype study of aspergillus	2141
Phenotypic and genotypic characterization of	1262
Phenotypic and genotypic detection of some virulencde	863
Photo catalytic degradation of some organic dyes using	577
Photothermal therapy of cancer cells	1669
Phylogenetic tree constructel of salmonella	2128
Physical characteristics of nanobiomaterials and	465
Physiological and molecular responses of sunflower	1118
Physiological and molecular study of female	2120
Physiological dental implant prepared	1400
Physiological study of amoebic dysentery patients related	908
Pink parallel algorithm for hierarchical clustering	122
place and identity intone morrison's beloved khaled	2222
Placental growth factor plgf	1073
Polymorphism of some risk factors genes and liver function	874
Polymorphisms of some genes in patients infected withwart	886
Positional accuracy assessment for updating	1428
Positioning injoseph conrad's heart of the darkness	190
Post fire dynamic analysis of steel	2054
Post fire dynamic analysis of steel buildings	2075
Potential role of pharmacist intervention	1154
Potential study of central and southern diyala governorate	764
Power flow monitoring approach for	1719
Practical study of uplift capacity for	1950
Predicting the structural behavior of	1910
Prediction models of flexible	2081
Prediction of energy dem and for educational building using	1562
Prediction of future performance of tumaila	1882
prediction of rainfall in Iraq by using statistical	749
Prediction of rutting resistance for high modulus	1958
Pregnancy related variation in the histological	1065
Preparation an Iraqi laser dye and compared its	510
Preparation and characterizat of polyaniline	428
Preparation and characterization of	424

Preparation and characterization of	500
Preparation and characterization of	1665
Preparation and characterization of bacterial cellulose and its	695
Preparation and characterization of char	2175
Preparation and characterization of char	2183
Preparation and characterization of char from	2210
Preparation and characterization of chitosan	1449
Preparation and characterization of ionic	508
Preparation and characterization of mos device	556
Preparation and characterization of nano	1672
Preparation and characterization of nanoparticles	1586
Preparation and characterization of nio – zno nano	562
Preparation and characterization of polymer	499
Preparation and characterization of the mally evaporated	474
Preparation and evaluation of microco	1176
Preparation and identification of new compound	699
Preparation and in vitro evaluation	1167
Preparation and invitro evaluation of nime sulide topical	1180
Preparation and operation performance of porous	555
Preparation and optimization of single and	514
Preparation and study of magnesium oxide	1468
Preparation cellulose nano composites and study	484
preparation characterization and an timicrobial activity study	676
Preparation in vitro evaluation and optimization	1166
Preparation of attenuated vaccine	1503
Preparation of biochar from sawdust for	2170
Preparation of biochar from sawdust for the	2197
Preparation of ceramic	1453
Preparation of grafted natural polymers and studying	661
Preparation of lipopoly saccharide loaded on	1528
Preparation of liraglutide loaded upon	1194
Preparation of metal sulfides as sensing materials	396
preparation of nano tp2 and improve its antibacterial	404
Preparation of nanocellulose from rice husks and	602
Preparation of nanocomposite building	1451
Preparation of nanocomposite building	1482

Preparation of nanofiltration membrane from	2018
Preparation of nanomaterials using plants	542
Preparation of new organic compounds	712
Preparation of polymer ceramic composites	1483
Preparation of polymer ceramic composites for	1450
Preparation of polymeric composite (pmma/ ceramic)	402
Preparation of polyurethanes from different	670
Preparation of porous	1441
Preparation of r2o5, tio2, ceo2 nano particles	636
Preparation of zno : cuo/ps thin films by	497
Preparation of zsm-5 zeolite	2211
Preparation of zsm-5 zeolite catalyst	2182
Preparation of zsm5 zeolite catalyst from	2173
Preparing nano catalyst for manufacturing fuel	560
Prevalence and associated factors of back	1409
Prevalence of depressive episode among	1406
prevalence of human cytomegalovirus infection in non	871
Prevalence of hyperuricemn in patients with	1405
Prevalence of lung cancer	1410
Prevalence of sen virus in thalassemic infected patients with	889
Principally quasi fnjective semimodules and principally	278
Pro- inflammatory versus anti- inflammatory	1236
Production and characterization of uf	2022
Production of actinocin using free and immobilized	843
Production of activated carbon from	1554
Production of clean gasoline fuel	2171
Production of clean gasoline fuel from	2185
Production of scusing local waste materials	1924
Production optimization mishrif formation	1866
Production purification and characterization	1501
Production purification and pathogenicity of	1551
Promoting the health behaviors of middle school	1029
Properties of fiber reinforced foamed	2007
Properties of general fuzzy normed spaces	376
Proposal personal iden tification model based	34
Proposal tolight weight cryptography algorithms	90
Proposed an efficient secure healthcare	49

Proposed approach for video steganography	70
Proposed approach for web services	155
Proposed lte system for al-mustansiriyah college	42
Proposed system for minimizing energy	1821
Prostate cancer detection using	22
Protective effect alipoic acid on reproductive efficacy	2138
Protective effect of laurus nobilis l ieaf extract on	819
Protective effect of melatonin	1173
Protective effects of silymarin against cyclosporine	1060
Pseudomonas aeruginosa skin infection among	1208
Pseudomonas aeruginosa: molecular and bavteriological	797
Public private partnership as an	1998
Punching shear strength enhancement of	2051
Pure shear performance of	1994
Quality control of climatological data for selected stations in Iraq	756
Quality of life for clients with hypermobility	972
Quality of life forclients who under gone	1012
Quantification of and study its interaction with	1072
Quantum key distruction in chaotic for secure data	504
Quantum representing of four electrons in bloch	488
Quasi, z source	1748
Radiological characterization and safety assessment	430
Radon gas and heavy elements concentration	403
Re evaluation of nahrumar formation	1880
Reading comprehensi on and translation the	188
Real time ultrasound elastog raphy in the	1271
Reconfigurable polyphase filter banks for	1798
Reconsidering the themes of law and conscience in	238
Recovery of some rare earth element	1474
Reducing water cut using polymer floding an	1888
Reduction of the roof solar heat	1630
Relating levels of examination anxiety with	989
Relation between echocardiographic changes and	1069
Relation between genetic polymer	1525
relation between genetic polymer phism of methylene	793

Relationship between d1o2	1111
Relationship between lung cancer with	1258
Relationship between type	1500
Relationship of il-17, il27 and lag-3 with related biochemical	780
Relationship of two apipose hormone level and anti	1242
Remote sensing based analysis of interactions between	716
Removal and adsorption of some textile	657
Removal of congo reddye and	1538
Removal of halogenated organic compounds by	1557
Removal of methylene blue and	1997
Removal of organic pollutant from	2212
Removal of parachl orophenol from	2200
Reservoir characterization of mishrif formation in selected	718
Reservoir evaluation of nurumr for mation in	1893
Reservoir properties variation and geological modeling of	729
Resilience strategy	187
Resistance versus hybridity through structure of feeling	2224
Response of passive footing on gypseous sandy soil	1911
Response of single pile model in sand subjected	1981
Results on some types of non convex functions	357
Retina authentication system using inspired	48
Retrofitting of reinforced scc	2067
Risk factors in creasing prevalence of	1404
Risk factors in creasing prevalence of type	1411
Roads map discovery system in gis environment	147
Robotic arm control using emg signal and myo	1702
Role of allelopathy in corn weeds interference	841
Role of congenityal cytomegalovirus	1425
Role of coxsackie b infection in childhood	1225
Role of leptin and some inflame matorymediators in	824
role of secretagoging and focal adherion kinase (fak) in	915
Role of some immunogenetics and biochemical	1489
s daptive multipath channel estimation for	1778
Safety car system based on microcontroller	1830
Salivary matrix metalloproteinase	1085
Sceening of children's	1014
Secret sharing key management based on magic cube	60

Secret sharing scheme for iris biometric verification	1810
Secure data retrieval from a remote server	126
Secure location based services using cloud	16
Secure mechanisms for smart home IoT application	80
Secure mobile framework based on homomorphic	66
Secured sensor nodes based on henon map	136
Sedimentological study of sand dunes	722
Seepage analysis and structural behavior of reinforced	2103
Seismic analysis of	1701
Seismic behavior of concrete steel	1912
Seismic reflection study of huwaz oilfield southeastern	758
Seismic response of Iraqi historical brick	2036
Selected salivary physio chemical profiles	1329
Selecting the best zero inflated regression	184
Seismic behavior of composite simple	1928
Seismic performance of clay bricks	2071
Seismic response of asymmetric multi-story frame	2056
Semantic based video component retrieval system	72
Sensorimotor general nervous system	1066
Sentiment analysis for specific social media comments using	44
Separation of lead metal ion from its aqueous	610
Sequence analysis of telomerase	1527
Sequence and biostratigraphy of cretaceous tertiary boundary	772
Sequence stratigraphy and reservoir characterization of	725
Serum levels of macrophage	1291
Serum levels of osteopontin in patients with	1094
Serum levels of vitamins D3 and kinetic	1192
Sewage flow assessment and	2024
Synthesis and characterization of nicotinaldehyde	675
Shear bond strength of orthodontic	1361
Shear performance analysis of	2039
Shear slip response of steel double	1975
Shear strength behavior of deep sustainable	2060
Shear strength behavior of self	2003
Short experimental	2035
Simplified object localization based	1847

Simplified object localization based on captured	1811
Simulating the performance of solar panels in Iraq	745
Simulation analysis of a polarized charge for	394
Simulation and analysis of various pulse width	1708
Simulation and assessment of ground water in	2097
Simulation and experimental implementation	1713
Simulation and implementation for second	492
Simulation and performance optimization for	1826
simulation and performance optimization for wimax	1845
Simulation differentes timation methods for peliability	353
Simulation of mechanical behavior of	2063
Simulation of soft ware defined radio	1828
Simulation of solar collector performance	1615
Simulation of three dimensional images tomography	475
Simulation study to investigate the effect of selfish	38
Singularity free positioning of gough	1581
Smart communities	371
Smart green house control system using fuzzy	1817
Smart healthcare consultation system	51
Smart monitoring system design for air	1825
Smart monitoring system design for air pollution	1846
Soft fuzzy reliability in topological space	342
Software defined	174
software design of pv solar	1691
Solutions of two dimensional fractional order	330
Solvability of certain classes of	340
Solving linear volt erra eredholm integral equation	316
Solving techniques for the combinatorial optimization	307
Some approximate methods for solving	354
Some bacteriological molecular and immunological aspects	883
Some clinical aspects of toxoplasmosis in patients with	826
Some generalization of the lifting modules	319
Some mechanical properties of	1467
Some metal complexes of mixed 1, 10 phenanthroline	640
Some physiological and immunological aspects related	832
Some properties related with modular spaces	296
Some results of convergence intopolycal spaces b	363

Some studies in the theory of univalent and	331
Some tectonic boundaries delineated using gravity and	763
Some types of perfect mappings and generalizations	367
Sparse dimension	185
spatial temporal analysis for land use	1433
Speaker recognition using deep learning neural	69
Spectrophotometric determination of amino and	673
Spectral and structural study of some	1640
Spectral determination of meprobamate	689
Spectral electrical and structural properties of	443
Spectrophotometric determination of chlorphen iramine	687
Spectrophotometric determination of chlorpheni ramine	688
Spectrophotometric determination of some	642
Spectroscopic analysis of	1685
Spectroscopic and structural study for new	584
Spectroscopic studies of	482
Stability analysis of nonlinear	1679
Stability and bifurcations in ecological and	310
Stability of delay differential equations	327
Stabilization solidification of lead	1556
Staff training model to toilet training for	1011
Statistical downscaling of future	2100
Statistical in ference for gamma distribution	335
Statistical modeling for trafficaccidents at	2002
Steganography in perceptual color	526
Stem cell markers cd 133 cd166 and	1055
Stem cell markers cd133 cd166 and	1052
Stimulation and production of steroid evgosterol from local	855
Stopping power and rarge of heavyions in human	415
Stratigraphic and structural study using 2d seismic	723
Stream cipher	148
Strengthening of plate girdels with web opening under the	2052
Stresses and deforations behavior	2025
Structural and optical characteristics of pbo	408
Structural and stratigraphic study using 3d seismic data	762
Structural behavior of eccentricly	2033
Structural behavior of eccentricly loaded	1977

Structural behavior of fiber reinforced geopolymer	2034
Structural behavior of hybrid reinforced	1932
Structural behavior of normal	1934
Structural behavior of reinforced	1920
Structural behavior of reinforced concrete	2032
Structural behavior of reinforced pozzolime	2064
Structural behavior of reinforced self	2068
Structural behavior of simply supported reinforced	2037
Structural electrical and optical properties of	419
Structural morphological electrical and dielectric	440
Structural performance of mini piled raft	1906
Structural performance of sustainable	2014
Structural sustainability of light	1982
Structural sustainability of lightweight	2009
Struk confinement effect on behavior	2044
Studies on the preparation and characterization	648
Studing the effect of cold plasma on preparation	418
Study and analysis of rainfall amounts and determining its	728
Study association of some enteric	1140
Study conjugate natural convection in	1603
Study effect of heat treatment and pressure on	536
Study effect of titanium dioxide nanctions of thyroid	816
Study for some	612
Study mechanical properties of reinforced	2201
Study new mode of fluorescent molecules and determination	690
Study of relationship between several	671
Study of absorbance and emissivity solar radiation by	737
Study of aminoacyl rna synthetase complex	925
Study of an optical self mixing technique subjected	425
Study of bazilevic and non bazilevic function by using	352
Study of biological and therapeutic	1129
Study of docosahexaenoic acid and	656
Study of elastic electron scattering from some	454
Study of fatigue life and free	1659
Study of grid connected photovoltaic system	1731
study of matter density distributions for factors	456
Study of micromorphological and cytological characteristics	850

Study of multistage solar still using	1590
Study of nuclear properties of high parity germanium	401
Study of relationship between pit	2143
Study of sloibl gene snp521ctzc	1530
Study of some antibiotics resistance	1485
Study of some biochemical parameters in association	669
Study of some hormonal and biochemical parameters	813
Study of some inhibitors effect on thermodynamic	684
Study of some lead exposure risk and its effect on workers	939
Study of some mechanical properties of	395
Study of structural factors effect on rock slope stability	753
Study of surface heat	770
Study of the mechanical	549
Study of the radioactivity in human being food	534
Study of water resources of midan bass=in north east	751
Study on zooplankton community structure in	805
Study optical limiting behavior and nonlinear optical	554
Study physical properties of activated	436
Study relation ship between il 17, r and	917
Study some antioxidants and their relation with hormones	1246
Study some immunological and	1278
Study the antibiotic resistance patterns and	1126
Study the appropriateness of Iraqi climatic conditions	736
Study the corrosion and corrosion protection	683
Study the effect of (rs22-8570) gene polymorphisms	1097
Study the effect of carbon dioxide in biochemical composition of	856
Study the effect of different dielectric	1860
Study the effect of electrolyte on electrochemical	1852
Study the effect of gas solid	1621
Study the effect of origanum majoranal volatile oil with	848
Study the effect of oxides emitted from smoke	926
Study the effect of particulate of some perennial	543
Study the effect of vaginal sildenafil as	1418
Study the effects of some environmental circumstances	801
Study the extended spectrum beta	1125
Study the impact of the solar activity on the structure	388

Study the impact of vitamin plevel on the oxidative stress	927
Study the influence of joint design	1594
Study the influence of joint design on mechanical	1613
Study the influence of nano fluids on	2190
Study the influence of nano fluids on carbonate	2174
Study the interfacial and thermodynamic properties	685
Study the Iraqi grass plants	1110
Study the mesoporous silica preparation	681
Study the mutations in str dna profile of paternity	1121
Study the optical nonlinearites and electronic	496
Study the physical properties of pla-bio	507
Study the relationship of vitamin d3 level with	920
Study the rheological and filtration	1872
Study the role of leptin and its receptor amony infertile	1244
Study the serum levels of	1084
Study the structural and optical properties	453
Study the use of egg shell derived calcium	1399
Study the water problem for asmari	1868
studying of the nuclear properties for some	397
Studying the effects of regularization parameters	399
Studying the energy loss parameters of	444
Studying the joining of aa6061 to nylon 66 base	1587
Studying the properties of water based mud prepared from	1891
Studying the removal of cadmium from	2184
Studying the role of ctla-4 gene polymer phism	1151
Studying the use of digital image processing in detecting	426
Submitted to the council of college of science	462
Submitted to the council of college of science	525
Suggested role of vitamin d3 and ca 15-3 in breast	1250
Surface Plasmon resonance of gold and	530
Survey study of some heavy metals for the Euphrates river	789
Sustainable operation of urban networks	2115
Sustainable use of recycled	2021
Swcure gate control based on	182
Synchronization of chaos in semicon doctor	412
Synergistic effect of some plant active	1517
Synthesis and antibacterial evaluation for some new	677

Synthesis and antimicrobial study of oxazole and new imidazole derivatives	593
Synthesis and antioxidant screening of some nitrile	599
Synthesis and application of silver carbon	609
Synthesis and biological activity evaluation of new	713
Synthesis and biologicval evaluation	709
Synthesis and characteristic of ba 1-x srx tio3	422
Synthesis and characterization of	464
Synthesis and characterization of	647
Synthesis and characterization of	2166
Synthesis and characterization of	2188
Synthesis and characterization of 1,2,4 triazol	624
Synthesis and characterization of fe3o4 and	1670
Synthesis and characterization of fe3o4 and	1671
Synthesis and characterization of heterocyclic	711
Synthesis and characterization of metal	2160
Synthesis and characterization of new	662
Synthesis and characterization of new	704
Synthesis and characterization of new addition and condensation	678
Synthesis and characterization of new a-triaryl	603
Synthesis and characterization of new boron	700
Synthesis and characterization of new combretastatin	613
Synthesis and characterization of new heterocyclic	618
Synthesis and characterization of new heterocyclic	652
Synthesis and characterization of organic compounds	658
Synthesis and characterization of pbo thin film	455
Synthesis and characterization of polyethylene	502
Synthesis and characterization of polymer nano composites	665
Synthesis and characterization of polythiophene	434
Synthesis and characterization of some	634
Synthesis and characterization of some azo, azo	595
Synthesis and characterization of some metal	503
Synthesis and characterization of some new	698
Synthesis and characterization of some new amino	702
Synthesis and characterization of some new polymeric	639
Synthesis and characterization of some phenacetin	705

Synthesis and characterization of tio2 doped	498
Synthesis and characterization of v (iv) , v (v) , pt (iv)	583
Synthesis and characterization polymers	494
Synthesis and evaluation of anti cancer	667
Synthesis and identification of hyper branched polymers	628
Synthesis and identification of new branched macromolecules	592
Synthesis and identification of some new Schiff	620
Synthesis and magnetic characterization of coxzn1	433
Synthesis and spectroscopic characterization	627
Synthesis and spectroscopic diagnosis	568
Synthesis and spectroscopic study of doped	569
Synthesis and study biological activitys of some	708
Synthesis and study of physical properties of	483
Synthesis and study thex-ray crystal	645
Synthesis and studying the structural electrical	445
Synthesis antibacterial and pvc photostabilization	578
Synthesis character ization and biological studies	622
Synthesis characterization and	1195
Synthesis characterization and anti cancer	616
Synthesis characterization and antibacterial	707
Synthesis characterization and biological	651
Synthesis characterization and biological	697
Synthesis characterization and biological activity	579
Synthesis characterization and biological activity	580
Synthesis characterization and biological activity	605
Synthesis characterization and evaluation of the biological	650
Synthesis characterization and evaluation the biological	581
Synthesis characterization and preliminary	668
Synthesis characterization and study of	1186
Synthesis characterization and study of liquid	629
Synthesis characterization of cellulose acetate	608
Synthesis characterization of fifth, sixth heterocyclic compounds	635
Synthesis characterization of new heterocyclic	706
Synthesis characterization of new polyamides	638
Synthesis characterization thermal and fire	664

Synthesis characterizations and biological activity	598
Synthesis characterizations and evaluation of biological	654
Synthesis identification and evaluate the biological	606
Synthesis of bismuth oxide nanoparticles by	1637
Synthesis of cds and au-cds nanoparticles by	1758
Synthesis of composite copper oxide	2198
Synthesis of cuo nanostructures and its	517
Synthesis of dendrimers liquid crystalline materials	587
Synthesis of nano silicagrafted with new thiadiazole	431
Synthesis of nanostructure sisolar cell by laser	548
Synthesis of new inorganic complexes to prepare	701
Synthesis of niobium oxide thin films for	1760
Synthesis of novel heterocyclic coxadiazaeand thiadiazale	617
Synthesis of pvdf ceramic nanocomposites for	529
Synthesis of some new derivatives of 3- substituted	710
Synthesis of sulfadiazine organotin (iv) complexes	632
Synthesis of zno nanostructures by	1596
Synthesis some a new bis hetero cyclic compounds	619
Synthesis structural characterization thermal	703
Synthesis two new Schiff base ligands from indol	653
Synthesis zinc telluride nano alloy and characterization	409
Synthesizing carbon doping zno nano composites asa	559
Synthetic characterization and applications of	451
t- abso fuzzy sub modules and t abso fuzzy modules and some	270
Task scheduling for video streaming using fog	124
Taxonomical and molecular comparative study	800
Temperature effects on punching shear	1914
Text chatting application based on hand gesture	50
Text classification using fuzzylogic	127
Textual world theory in English and Arabic deamatic	2234
Thde impact of fear on the dynamics of prey predator system	365
The a b c b1 gene polymorphism blood biomarkers	1068
The abuse of authority in human relations in selected	2229
The anticancer activity of some compands in	882
The association of arginase activity with oxidative	914
The association of program medcell death	1224
The association of serum amh vitamin d and afc in	582

The association of some biochemical	1077
The association of cervical	953
The biological activity of protein extracted from shrimp on	833
The brophylactic and brotective	2152
The clash of identity in british and Iraqi feminist	200
The clinical utility of mirna 2oob	1096
The combination effect of cyperus	1519
The concentration and distribution of surfactants in tigris	940
The concept of extremism in delillos falling	241
The control on pressure waves in crude oil	1724
The correlation between	1504
The correlation of interleutin 31 and some sex hormones in	868
The dynamical study of prey predator model	312
the ecological importance of the central marshes	935
The effect of (in2o3) on the electrical properties	479
The effect of (p.o.s.s.e) strategy on critical reading	252
The effect of adding	1445
The effect of adding citras bergamia	1382
The effect of adding citrus bergamia essential	1387
The effect of adding coconut oil on candida	1319
The effect of aging on some mechanical and	1394
The effect of aluminum oxide nanoparticles on	1281
The effect of body language strategy on	1484
The effect of canal preparation using	1313
The effect of chara vulgavis algae extracts on the infectivity	799
The effect of chemical additives on the	2195
The effect of cochlear roughness on the	511
The effect of culture on the translation of political	210
the effect of cuo and se nanoparticles on oxidative	596
The effect of curvature ratio on the optimumprocess	1437
The effect of dark and light	1057
The effect of different cap conditions amony	1607
The effect of hydro genized zns wurtzoids	567
The effect of inade quate risk management on	1951
The effect of induced vibration on laminar fluid	1623
The effect of intra and extraoral	1343
The effect of light dark cycle on immunohistochemical	1058

The effect of magnetized nutrition on bonedensity	410
The effect of main idea pyramid strategy on fourth year	254
The effect of metacognitive strategies on the writing	214
The effect of miswak and green	1316
The effect of multiaxial fatigue	1674
The effect of nano additives on performance	1653
The effect of nanoparticles on rsba gene expression level	905
The effect of natural bioactive inhibitors on	1119
The effect of papas model on Iraqi efi university	243
the effect of plan do review strategy on Iraqi efl	246
The effect of progesterone on mice gonads	1287
The effect of raft strategy on Iraqi efi	244
The effect of socio economic level on	1337
The effect of some sugars on carbapenemase gene	877
The effect of storytime activities on Iraqi efl	242
The effect of tasc model on Iraqi efl preparatory school	258
The effect of the cold atmospheric pressure	531
The effect of titanium dioxide nanoparticles	1323
The effect of using chunking	231
The effect of using hybrid composite	1650
The effect of using index cards gamed technique	249
The effect of using pmistrategy on Iraqi efl preparatory	257
The effect of using smart response system on English vocabulary	239
The effect of using two strategies of active learning	245
The effectiveness of aluminum potassium	1298
The effects of iba and some aqueous plant extracts on the	847
The effects of incorporating some	1366
The effects of nonnutritive sucking	1375
The efficacy of d – race and different	1297
the efficacy of hydraulic pressure sinus	1280
The efficiency of nano chitosan and chitosan	674
The efficiency of topically applied	1310
The embedding of an are into acubic curve in finite	266
The existence of positive relatively bounded	305
The impact of activated leukocyte cell	1074
The impact of adding silanated	1320

The impact of buffering on the connectivity of vanet	7
The impact of congregation sermons of the grand	201
The impact of depression status	1335
The impact of improved clayey soil using	1957
The impact of old Arabic dialects on translating some quranic	226
The impact of oral health on quality of	1331
The impact of oral health on the quality of	1334
the impact of periodontal	1344
The impact of refuge and harvesting on the stage	375
The impact of selected topical	1336
The impact of uav flight planning parameters on topographic	1426
the impact of using cognitive linguistics on teaching crammar	260
The impact of using tablets on developing language	240
The impact of video support learning	251
The imperiar legacy in the post colomial poetry of the	2218
The influence of body image on breast feeding	1042
The influence of halloysite	1302
The influence of pre- forming on fnal	1612
The influence of some heary inetals in Iraqi	1249
The integration of remote sensing and geographic	528
The investigation of flow channel geometry	1598
The kinetic study of 5 flurouracil	1189
